Monthly newsletter of Cassio Road Dental Practice

Welcome to the Easter edition of our newsletter

March 2021 was 12 months since the UK went into its first national lockdown and over the last few weeks, we have all taken a moment to reflect on what the past year has brought with it but more importantly, what it has taught us.

It is fair to say that every family and every business across the nation has experienced its own personal dilemma, but life lessons such as perseverance, resilience and determination but to name a few have featured in all our lives at some point during the past year. We've all adjusted to our new 'normal' and the time now is to look forward and see what the upcoming 12 months bring with it.

Practice News

Our digital forms are working well. Many of you who have visited us recently have been asked to complete the online medical history forms. Please ensure that if you have an appointment booked, that you complete your form and send it back to us in advance of your appointment. This minimises your time at the practice and speeds up the process for the dental team as well.

Review Message – Have you had a recent message from us asking for feedback? Please take a minute or two to leave us a brief message about your visit to us. Patient feedback is very important to us and helps us continually strive to provide you with the best possible service we can. We'd love to hear from you! Scan the code with your phone to leave a review >>

We are excited to announce that Dr Shamil Patel has now become Invisalign accredited. Invisalign treatment is the process of wearing a series of clear, removable aligners that gradually straighten your teeth. No brackets and wires, and none of the restrictions that come with metal braces.

If you've ever wanted to improve your smile, without having to wear traditional braces then this is solution for you! Contact us for more information and we'd be happy to talk you through the process. Dr Patel is currently offering free consultations on the treatment so book in today!

Wishing all our patients a very happy Easter and enjoy entertaining some friends and family in your garden over the break, not forgetting the obligatory Easter eggs of course!
